The board (the “**Board**”) of directors (the “**Directors**”) of the Company would like to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on a preliminary review of the unaudited consolidated management accounts of the Group for the year ended 31 December 2025 (the “**Period**”), the Group expects to record a net profit of not more than HK\$1.0 million for the Period as compared to a net loss of approximately HK\$2.2 million for the corresponding period in 2024.

Based on the information currently available, the Board considers that the turnaround from loss to profit to be mainly attributable to (i) gain on foreign exchange caused by the depreciation of the US dollar in 2025; (ii) the decrease in staff costs due to reduction of headcount; (iii) the decrease in other expenses mainly from advertising and marketing expenses, and content acquisition cost; partially offset by (iv) the decrease in revenue derived from the online backup business as affected by sluggish demand for our services.

The information contained in this announcement is only based on a preliminary assessment made by the Board on the unaudited consolidated management accounts of the Group for the Period and other information currently available to the Board, which have not been reviewed or audited by the auditors of the Company or reviewed or confirmed by the audit committee of the Company, and is subject to possible adjustments upon further review. Details of the financial information and performance of the Group for the Period will be disclosed in the annual results announcement of the Company for the Period, which is expected to be approved and published on or around 20 March 2026.
